Automatic Booklet Maker

This new AutoBook automatic booklet maker, made by ISP Stitching, is the 'Big Brother' of the highly successful BookletMate. The big difference is its automatic processing and capacity to do larger books. It also features easy operation, more speed, and more efficiency in your shop.

Simple 4-Step Operation...

1 Just choose one of six pre-set sizes, or program up to six more custom sizes.

2 Move stapler heads to recommended positions, and close cover.

3 Place your collated booklet set on table.

4 Press 'Enter' and your book will be automatically stapled, folded, and ejected.
