## **The AUTO-PRO Plus II ► Manufactured by COUNT Automatic Numbering, Perforating and Scoring**

The Auto-Pro plus is a combination numbering, perforating and Scoring unit that offers production flexibility and speed.

It is ideal for shops performing a multitude of jobs that require Automatic feeding. The friction feed tray is designed for stocks up to 18" wide. Feeding is from the bottom, therefore stock can be loaded continuously.

Auto-Pro is designed for high-quality crash numbering, scoring and perforating. Optional micro-perfing is also available.

### **Features:**

- Simple programming allows you to number, perforate, or score individually or simultaneously.
- Gothic (6) wheel reverse numbering heads offer (8) repeat sequences: 1-6, 12 & 20, and 3 drop zeros. 7 or 8 wheel heads offer similar features.
- Each of the two numbering heads can be programmed individually for multiple numbering.
- Numbers virtually anywhere on a sheet, from lead edge and numbers within .01" of previous number.
- Number single sheets or crash number up to a 10 part carbonless form.
- Patented self inking disposable ink cartridges: no re-inking required, (approx.) 25,000 impressions per cartridge. Ink available in red or black.
- Sheet size: 4"x4" to 18"x20" (smaller stocks limit location of number placement).
- Output speed: Up to 19,000 / Hr
- Batch and total count
- Designed for maximum safety and easy operation.
- Electrical: 115v, 50/60 Hz standard. 230v, 50/60 Hz. Optional.

NOTE: Machine stand pictured is an option on friction feed model.

**AUTO-PRO AIR PLUS** is an air-feed version. It offers the same features as the AUTO-PRO PLUS II friction feed, but with higher production speeds, all while maintaining positive registration, accuracy, and consistency. The AUTO-PRO AIR PLUS comes standard with machine stand.
