High Production Roll Laminator, MightyLam

High-end workmanship and rugged durability are only two of the reasons this machine will fill your requirements for an excellent production laminator. Add great productivity and low cost and it's the perfect answer for larger size printers and copy shops, graphic departments, sign shops, or anyone wanting to do high production, top quality laminating work.

These Key Features Benefit You!

- Accommodates Film up to 27 inches wide.
- Runs 1.5, 3, 5 & 10 mil Films.
- Variable Speed Control, Up to 10 Feet Per Minute!
- Two independently adjustable heat controls for top & bottom heat shoes.
- Dual LCD Displays show precise top & bottom temperatures.
- Built-in Slitters trim left and right edges during lamination.
- Drop-down Bottom Idler for easy loading. Adjustable supply roll tension.
- Teflon Coated Heat Shoes & Silicone Laminating Rollers yields top quality.
- Safety Shield prevents accidental contact with heated areas of machine.
- Fans provide forced air cooling, assuring high clarity output.
- Reverse Switch to prevent wrap-arounds.
- 1" mandrels standard, accommodates 1,000 Ft. Roll 1.5 mil film.
- Mounting capacity up to 3/16" inch thick stocks!
- Heavy-duty variable speed drive motor for continuous laminating using 1.5 to 10 mil laminates.

Our premium films are composed of a blend of the highest quality polyester and adhesives. We guarantee a consistent, smooth, clear finish when using these products! The aggressive co-polymer films activate at lower temperatures to increase your production speed, and make even the most difficult jobs easy to accomplish.
