

# THE PRINTERS SHOPPER, LLC

Providing Supplies and Equipment to Printers Since 1970

## Professional Laminators

These professional laminators are versatile enough for mid-size print shops, copy shops, and offices. Choose the size that best fits your most common requirements.

### These Key Features Benefit You!

- Extruded Aluminum Heat Plates: Guarantees reliable and consistent heat distribution.
- Four Silicon Rollers: Eliminates the need to use carriers while ensuring a constant feeding speed.
- Built-in Electronic Circuit Board: Allows quick and exact temperature adjustments.
- Gradual Temperature Control: Allows easy temperature adjustment when changing pouch thickness, pouch composition, or laminating different materials.
- Independent Heat and Motor Switch: Allows the machine to be left on 'Stand-By' (heat ready) for hours without harming the motor. This eliminates warm-up time when you need to laminate again.
- Heavy-Duty Motor: Does not fatigue or over-heat, even under the hardest working conditions.
- Steel Gears: Guarantee strength and durability.
- Easy To Use & Practical: It laminates with or without a carrier (we recommend the employment of carriers only when using 10mil (4/6) pouches).
- Durable: Given their heavy-duty motor, steel gears, silicone rollers, metal covers, etc., these Professional Laminators are made to last!

### Specifications

Model	Pro-Lam 100	Pro-Lam 230	Pro-Lam 320
Laminating Width	4 inches	9.10 inches	12.5 inches
Laminating Speed	0.4 inches/second	0.4 inches/second	0.4 inches/second
Temperature Range	230 to 356 deg F.	230 to 356 deg F.	230 to 356 deg F.
Temperature Control	Bimetal	Electronic	Electronic
Dimensions	11.8 x 8.6 x 4.06"	17.6 x 10.9 x 4.06"	21.1 x 10.9 x 4.06"
Weight	12 lbs.	20 lbs.	23 lbs.
Cover Material	Metal	Metal	Metal
Factory Warranty	1 Year	1 Year	1 Year
