## Portable 'One-Step' Shrink Wrap Systems

This affordable shrink wrap machine combines shrinking and sealing into one easy operation. You simply insert your package into the film and close the lid. The package is shrink wrapped and sealed in an instant! You can also choose from three models ideally suited for your specific size and volume requirements. Each affordably priced machine takes up little space and is easy to operate.

### These Key Features Benefit You!

- Professionally shrink wrap your packages to improve the quality of your work, protect your products, and increase customer satisfaction.
- Simple and revolutionary one-step design allows a single operator to both seal and shrink 4-6 packages per minute.
- Shrinks and seals packages up to 12.5" x 16.9" and packages up to 6" tall.
- The clear hood lets the operator visually observe the shrinking process to assure optimal results.
- Machine stand is complete with wheels, making the unit easy to move or store.
- Plugs into any 110 volt grounded outlet.
- These machines will provide many years of reliable service with minimal maintenance!
